## 09-10

### Dear Juniors & Parents

Spring offers a lot of activity for ACCESS students. Your ACCESS College Prep Handbook is available for you in the ACCESS office at your high school. Also, listed inside are opportunities for you that will help you prepare for college. We hope as you begin your journey into your senior year you take advantage of all the opportunities that are offered to you.

It is important that you take the SAT and/or the ACT at least once during your junior year and then again in your senior year. Your ACCESS Advisor can assist you with registering for these tests and assist qualified students with the fees associated with these tests. We also host FREE SAT Prep Workshops which may help you get a stronger score on the SAT.

You should also begin taking advantage of the local college events in the area. Many colleges offer an Open House in the Spring where students are invited to the campus for informational sessions and a tour. This will help you in narrowing down the type of college that is best for you. You may also see your ACCESS Advisor for more information about college tours that we provide and Open Houses in the local area.

*Space is limited for some activities, so don't delay in seeing your ACCESS Advisor to help you today!*
