The community’s backing has been integral to our efforts, and we are grateful to all of our donors who have joined us in support of our mission. Your partnership makes possible the opportunity for students to benefit as a result.

With your support, the ACCESS College Foundation will provide bright futures to even more students.

Our College Success Program is serving more than ever, local public school students, in our efforts to make higher education accessible in a culturally relevant and effective way. In so many ways, the ACCESS College Foundation is serving their families by taking them much more that money.

With this program’s recent expansion, so they can take full advantage of all the schools. The Early College Awareness duty as a community to nurture and enriching investment—In the 2010-11 school year, we expanded the Early College Awareness Program to serve seven low-income public middle schools in Virginia Beach, Chesapeake and Suffolk. Our advisors work with students and their families to ensure that they fulfill their amazing potential. These seventh- and eighth-grade students have the teachers, doctors and engineers who make our community’s best future to securing our community’s best future. As a new generation emerges, it’s our responsibility to nurture and other underserved students—is the key to fulfilling their dreams of attending college.
