And His Enduring Legacy ~
Changed Lives | Changed Families | Changed Communities

In 1988 Joshua P. Darden, Jr. co-founded, with Frank Batten, Sr., ACCESS College Foundation with the mission to provide a path for students, who may not have the opportunity, to attend and complete college. Over the past 25+ years, ACCESS College Foundation has helped over 40,000 students achieve their higher education goals.

ACCESS College Foundation will greatly miss Josh.

His legacy endures as ACCESS Scholars graduate from college to become the community leaders of tomorrow, sowing and investing into the generations to come. His leadership, generosity, vision and tenacious commitment to better the lives of others has greatly impacted, and will continue to affect, all of us in South Hampton Roads.

Please help us continue what Frank Batten, Sr. and Joshua P. Darden, Jr. started back in 1988 by continuing to support one of the region’s most successful programs - the ACCESS College Foundation.

College Changes Everything

Thank You
The ACCESS College Foundation is unique and effective. We are a nationally recognized and award winning organization serving the entire South Hampton Roads region with Advisors, scholarships and services that make college a reality for students who might otherwise not have the opportunity. Since 1988, we have helped over 40,000 young people navigate the college process. In this report you will learn about a few of those 40,000. Each of the students highlighted credits the work of this organization for changing their life, their family’s life and the community.

The fact is – there are many needs right here in South Hampton Roads. Many of our students come from families who are not in a position to help them with postsecondary educational plans or funding. We know that education is the great equalizer and providing access to higher education can change the cycle of poverty. We have accomplished so much in 25 years, but it is our responsibility to continue impacting lives, families and communities. 100 years from now, the investment we have made in the next generation is what will matter most. In the words of Josh Darden, “There’s nothing that we can do that will make a bigger difference than this.”

ACCESS Alumni
These Successful Scholars Represent over 40,000 Lives Forever Changed by ACCESS

Vicky McPherson, Class of 1992
Attorney
B.A., University of Virginia; J.D., Columbia Law School
"Professionally, becoming a partner in a global law firm was a great honor; even more so as a young black woman. I was one of the few out of my family to go to college and obtain my degree and I think that it set the stage for my younger siblings who both went to college."

Zachary Sorey, Class of 2012
Engineering Student
A.S., Tidewater Community College
B.S., Georgia Tech - Class of 2016
"My family and I leaned on my ACCESS Advisor in high school for college preparation and financial aid guidance, and she helped me to make the decision to attend TCC. While in college, my ACCESS College Success Advisor has helped me with financial aid and finding additional scholarships. I am now the recipient of a Jack Kent Cooke Foundation undergraduate transfer scholarship and will be moving on to Georgia Tech. The Access College Foundation has honestly changed my life."

David Kidd, Class of 2007
ACCESS Advisor
B.A., Virginia Wesleyan College
"ACCESS College Foundation is in every high school in South Hampton Roads. It supports and assists thousands of kids who will go to college, become educated, come back to the community and help our area thrive. Without Access, I don’t know if I would have had the means to go to college."

Lakeisha Phelps Mayes, Class of 1996
Director of Recruitment and Undergraduate Admissions, NSU
B.A., M.P.A., Old Dominion University
"I always knew I wanted to go to college, but I come from a single parent household, and we needed the guidance to make sure we completed the college admissions and financial aid process. Our community should support Access College Foundation because through this organization, students like me have found their way to higher education."
ACCESS Alumni
These Successful Scholars Represent over 40,000 Lives Forever Changed by ACCESS

Katherine Shea-Sword, Class of 1995
Attorney
B.A., Virginia Wesleyan College; J.D., Regent University School of Law
"Access is all about information, education, and opportunity. It makes a difference to every student, every day. For me, Access helped enable me to provide for my family, as well as help other people provide for their families with the work I do through Rutter Mills and through the work I did for the Virginia Legal Aid Society."

Rashad M. Ferebee, Class of 2002
School Counselor
B.A., M.A. Ed., Virginia Tech
"Access is important to our community because it leads students, who may not have support, through an open door to higher education. Whether it’s a community college, a two-year college, or a four-year college, Access College Foundation provides students the opportunity to say, ‘Hey, I can do this! I can go to college! I can get an education after high school!’"

Melody Williams, Class of 2002
Assistant Composition Director, ODU
B.A., Virginia Commonwealth University; M.A., Old Dominion University
“When I was able to attend a four-year institution and obtain a degree, it really opened up the possibilities not just for myself, but for my family. Now I am working on my doctorate degree and I hope to become a tenured professor. I enjoy the fact that I can go into the classroom and encourage students to continue on in their education.”

Jonathan Maye-Hobbs, Class of 2009
Attending Grad School for Cyber Security
B.S., Norfolk State University
"Receiving support through Access made me want to go above and beyond for myself and for my community. I became a first generation college student. Now I feel more motivated to give back and be an example for my peers, as well as my siblings.”
